“Sometimes the solution to the most difficult and costly problems come in the most simple and economic form. This has been our experience with Ras.”

CIO @ Holy Redeemer Health System
Meadowbrook, PA

“The best feature of Ras is the timeliness of report distribution, which saves us tremendous amounts of time and energy.”

Director of Revenue Cycle @ Temple University Hospital, Philadelphia, PA

“I am happy to recommend Ras to other facilities... it is not often that a software application actually performs as advertised and demonstrated.”

Director of IT @ Universal Health Systems
King of Prussia, PA

Contact dbtech today to experience a Digital Document solution that delivers reliability and confidence in preserving medical data, maintaining patient care, and accurately exchanging data.
