

Choose a Partner Who Improves Healthcare Processes

dbtech is committed to developing long-term mutually beneficial partnerships. Membership in the dbtech Partner Program enables an individual or organization to join our referral program to receive incentives based on sales.

At dbtech, we work with partners who we trust and have open communication with. We strive to implement the best Downtime Solution, eForms, Document Management, Ras or eFolders to enhance healthcare facilities around the country. With these solutions we: reduce costs, increase patient satisfaction, mitigate risks and maximize patient safety, free up staff time, automate workflows and improve accuracy to eliminate errors.
